- i) Monitor
- ii) Plotter
- iii) Joystick
- iv) Printer

Ans.: ii) Plotter

5. _____ is used to play computer games.

- i) Monitor
- ii) Printer
- iii) Joystick
- iv) Plotter

Ans.: iii) Joystick

6. The full form of CRT is _____.

- i) Color Ray Tube
- ii) Cancer Ray Tube
- iii) Crystal Ray Tube
- iv) Cathode Ray Tube

Ans.: iv) Cathode Ray Tube

7. An essential input device is _____.

- i) Keyboard
- ii) CPU
- iii) Printer
- iv) Hard disk

Ans.: i) Keyboard

8. An essential output device is _____.

- i) Keyboard
- ii) Monitor
- iii) Mouse
- iv) CPU

Ans. : ii) Monitor

9. _____ are most essential devices.

- i) Keyboard and Monitor
- ii) Monitor
- iii) Mouse
- iv) CPU

Ans. : i) Keyboard and Monitor

10. _____ invented the computer mouse.

- i) Charles Babbage
- ii) Blaise Pascal
- iii) Dr. Engelbart
- iv) Napier

Ans.: iii) Dr. Engelbart

11. Printout of printer is called _____.

- i) Notebook
- ii) soft copy
- iii) xerox copy
- iv) hard copy

Ans.: iv) hard copy

12. An output device is _____.

- i) VDU
- ii) Mouse
- iii) Microphone
- iv) Keyboard

Ans.: i) VDU

13. Inkjet is a _____.

- i) Microphone
- ii) Printer
- iii) Plotter
- iv) Scanner

Ans.: ii) Printer

14. _____ is an input device.

- i) Monitor
- ii) Printer
- iii) Touchscreen
- iv) Plotter

Ans.: iii) Touchscreen

15. The devices used to input data, such as numbers, alphabet, image, sound and text are called _____.

- i) Input devices
- ii) Output devices
- iii) Processing devices
- iv) Monitor devices

Ans.: i) Input devices

16. _____ is used to enter alphabetic and numeric data.

- i) Input devices
- ii) Output devices
- iii) Processing devices
- iv) Monitor devices

Ans.: i) Input devices

17. _____ inserts picture, photographs and images into the computer.

- i) Scanner
- ii) Joystick
- iii) Printer
- iv) Monitor

Ans.: i) Scanner

18. The full form of CPM is _____.

- i) Capacity Per Minute
- ii) Character Per Minute
- iii) Clock Per Minute
- iv) Computer Per Minute

Ans.: ii) Character Per Minute

19. The full form of PPM is _____.

- i) Plotter Per Minute
- ii) Policy Per Minute
- iii) Page Per Minute
- iv) Printer Per Minute

Ans.: iii) Page Per Minute

20. The printing capacity of printers is measured in _____.

- i) Kilo Byte
- ii) byte
- iii) bits
- iv) CPM and PPM

Ans.: iv) CPM and PPM

21. VDU stands for _____ .

- i) Visual Display Unit
- ii) Virtual Display Unit
- iii) Viewer Display Unit
- iv) Value Display Unit

Ans.: i) Visual Display Unit

22. Microphone is also called _____ .

- i) Deck
- ii) Mike
- iii) Stethoscope
- iv) Speaker

Ans.: ii) Mike

23. LCD stands for _____.

- i) Liquid Crystal Display
- ii) Liquid Crystal Data
- iii) Liquid Crystal Diameter
- iv) Line Crystal Display

Ans.: i) Liquid Crystal Display

24. LED stands for _____..

- i) Light Energy Display
- ii) Light Emitting Diode
- iii) Liquid Emitting Diode
- iv) Light Emitting Display

Ans.: ii) Light Emitting Diode

25. Display of the monitor is called _____..

- i) Light Energy Display
- ii) Soft copy
- iii) Hard copy
- iv) Light Emitting Display

Ans.: ii) Soft copy
