**Adjectives: degrees of comparison**  
**There are three degrees of comparison**

Big- positive degree

Bigger- comparative degree

Biggest- superlative degree

We use the positive degree of an adjective when we are not making any comparison. So this degree is used with one person or thing only.

We use the comparative degree of an adjective when we are comparing two persons or things ( or two groups of persons or things)

We use the superlative degree of an adjective when we are comparing more than two persons or things or more than two groups of persons or things.

**Read the table:**

POSITIVE	COMPARATIVE	SUPERLATIVE
Small	Smaller	Smallest
brave	braver	Bravest
Happy	Happier	Happiest
Beautiful	More beautiful	Most beautiful
Good	Better	Best
Little	Less	Least
Many/Much	More	Most
