# GURU GOBIND SINGH JI

देह शिवा वर मोहि इहै  
शुभ कर्मन ते कबहूँ न टरों  
न डरों अरि सौं जब जाए लरों  
निश्चै कर अपनी जीत करों  
अरू सिख हों अपने ही मन को  
इह लालच हउ गुण तउ उचरों  
जब आव की औंध निदान बने  
अति ही रण में तब जूझ मरौं ।

**Guru Gobind Singh Ji**

Issue - 02

October 2022

SHRI TARSEM SINGH  
(PRESIDENT, GGSES)

**"Education is the most powerful weapon which we can use to change the world"**  
GGPS, Schools endowed with a progressive futuristic outlook towards continuous growth in the quality of education, we offer. In the pursuit of our mission to educate youth, we are committed to moulding individuals in a holistic manner, imbibing competence, conscience and empathy, and preparing them to become champions of peace, justice, truth and love. To facilitate this process of holistic development, our academic, co-curricular and extra-curricular activities are designed upon what we call the three pillars of development education, research and extension. Our schools fosters a student-friendly and value-oriented atmosphere, reflecting integrity, politeness, respect and compassion. Through our pedagogy and ambience, we motivate our students to become successful individuals who contribute positively to society. GGPS is the realization of one such dream that crystallized into reality because of the sheer gift and determination of passionate committee members, teachers, dedicated staffs, cooperative parents and above all, the blessings of Guru Nanak Dev Ji.

We are indeed fortunate to have talented and dedicated team of educators. It is in this ambience that our students imbibe the passion for exploring different dimensions of education. We offer an academic program that merges the breadth and depth of the subject matter which is continuous and rigorous but meet the desired need of the era. We focus on making the students independent and responsible.

SHRI SURENDRA PAL SINGH  
(SECRETARY, GGSES)

#### **"Welcome to reverberant environment of GGPS, Schools"**

At this unique institution, we hone the academic skills, fine-tune the aesthetic senses and work towards building a holistic culture that values the individuality of each pupil, helping them realize their innate potential. Children are encouraged to explore and revel in the joy of learning. Rote learning is discouraged and Research Based Learning is the norm, where each pupil is guided through an individualized work plan in consonance with his/her potential, thereby providing a complete learning experience.

We believe that Education's purpose is to replace an empty mind with an open one. We are of the conviction that giving roots of values is significant so that our pupils remain firmly rooted to the ground. We give our students wings of ambition, so that they can soar like falcons to touch the skies and endeavor to make them global citizens who can look beyond geographical boundaries and promote a culture of peace and universal brotherhood.

#### **"Perfection is not attainable, but if we chase Perfection we can catch Excellence."**

Like a sapling that grows with careful nurturing and supervision, we have seen the birth and growth of an education system of which GGPS, Chas has been the crux and it is now our endeavor to educate global citizens at GGPS, Chas. Moulding impressionable minds, unleashing the hidden potentials, and guiding them to the right paths lit with learning and knowledge is a challenging and very responsible job. A job that cannot be taken up without total and true dedication, determination, and passion. The will to win, the desire to succeed, the urge to reach your full potential; these are the keys that will unlock the door to personal excellence. Be a yardstick of quality. Some people aren't used to an environment where excellence is expected at GGPS, Chas.

We emphasize Excellence. Excellence is an art won by training and habituation. We do not act rightly because we have virtue or excellence, but we rather have those because we acted rightly. We are what we repeatedly do. Excellence then is not an act but a habit. The day is not far when our young scholars of GGPS, Chas would soon excel in every field and prove their mettle as young scientists, young sportsmen, young achievers in almost all the fields of Education. After all, we impart more than Academics and Education.

SHRI UMA SHANKAR SINGH  
(PRINCIPAL, GGPS CHAS)
